

# Businesses for the BAY

*A partnership of the Alliance for the Chesapeake Bay and the Business Community*

Businesses can play a critical role in protecting and restoring the Chesapeake Bay and its watershed. *Businesses for the Bay*, a program of the Alliance for the Chesapeake Bay, is an innovative, membership-based, business partnership. This membership association provides the Chesapeake business community with a unique opportunity to network, be recognized, and motivate employees.

Network to share  
strategies and successes

Be recognized for  
environmental efforts

See opportunities for  
employee volunteerism

Contribute to the  
local environment

## Businesses Going Beyond Compliance

The mission of *Businesses for the Bay* is to encourage businesses, both large and small, to find voluntary, innovative, and measurable solutions to improve water quality and the health of the Chesapeake Bay, and to raise public understanding of the valuable role these business members play in the Bay restoration. This program facilitates employee environmental-stewardship volunteer opportunities, provides businesses with a forum where they can make their voices heard and learn and share best practices, and recognizes and promotes businesses' environmental efforts that are important to them, their customers, and their communities.
